Ten Thousand Men Inoculated Against Pneumonia at Camp

CAMP DIX, N. J., Oct. 22.—Successful inoculation of 10,000 soldiers against pneumonia following influenza today caused camp authorities to offer the treatment to 10,000 more next week. Although not a man inoculated has contracted pneumonia the treatment was said still to be in its experimental stage and not advocated as a cure but as a preventive.

IF THE WORLD KNEW THIS

Much Suffering Would Stop. Tells Of A Home-Mixed Medicine For Colds, Coughs, Bronchitis, Etc.

The Blackburn Products Co. Dear Sirs—As I was mixing some more of the Mentho-Laxene in syrup this morning I could not help but wonder if you really knew what a wonderful cold remedy it is, even if you do not put it up.

Last fall we were really worried about my husband, as he had tried so many remedies, and the doctor did not help him at all, when one day he happened to read an ad of your Mentho-Laxene and he said: "I will give it a trial, then give up, I guess, if it doesn't help me." But, can you believe it? He began to feel easier right away, and long before the first bottle was gone he was all over his terrible cough, and by taking a little when feeling hoarse just a little we both have ward off every bit of colds and coughs since, until Monday of this week he got his feet so wet and by night he coughed again quite badly, but this morning he was o. k. again.

This is 3:00 p. m., so you see how quickly it worked.

We have gotten over so many others to use it by giving them a sample of ours.

This is just a line to tell you how grateful we both are to you and your remedy.

Yours truly,
MRS. GEORGE E. GATIS.

334 N. Hickory Street, Owosso, Mich.

President Wilson Awards Highest Medal to Commanders

WASHINGTON, Oct. 22.—Marshals Foch, Joffre and Haig and Generals Pétain, Diaz, Pershing and Guden, chief of staff of the Belgian army, were awarded the Distinguished Service medal today by President Wilson, acting as commander-in-chief of the United States army.

General Pershing was directed by Secretary Baker to act as President Wilson's representative in presenting the medals to the military leaders of the allies and to express to them the high regard of the people of the United States and of the American army for the distinguished and patriotic service they have rendered in the common cause.

General Tasker H. Bliss, former chief of staff and now assigned to the inter-allied war council, will represent the president in presenting the medal to General Pershing. He has been directed to say that the president awards the medal to the commander of the American expeditionary forces as a token of the gratitude of the American people for this distinguished service and in appreciation of the success which the American armies have achieved under his leadership.

CELEBRATION AT PRINCETON. PRINCETON, N. J., Oct. 22.—Princeton university today celebrated a double holiday, combining the 172nd anniversary of its founding with a reception to the British educational mission now visiting the United States.

RUSS FORCES ORGANIZE. ARCHANGEL, Monday, Oct. 21.—The reorganization of the government is bringing quick results as regards mobilization of men to fight the Bolsheviks. The classes for the five years beginning with men born in 1893 have been called to the colors.

Unsightly pimples and blemishes on the face are sure signs that the skin and blood need the purifying and strengthening action of

VALENCIENNES TO SURRENDER SOON

British Have Already Entered City on West and Made Deep Thrust Further North.

(By The Associated Press.) NEW YORK, Oct. 22.—The fall of Valenciennes to Field Marshal Haig's forces is imminent. Despite the desperate resistance of the Germans the British have entered the city on the west, while to the north they have made a deep thrust into the great Raimon forest and are moving in the direction of Conde, near the angle of the Scheldt.

Valenciennes had been in uninterrupted French possession from 1677 until the onrush of the Germans early in the present war led them many miles into France. It is now about to be added to the rapidly growing list of towns, the redemption of which has brought rejoicing to the French people.

Although the progress of the allied forces in Belgium and French Flanders has slowed up somewhat in the face of the stiffening of the lines of rear guards against the retreat of the German armies appreciable gains have been made, some of them of much importance.

Hollain and Bruyelles on the Scheldt south of Tournai, are now in the hands of the British and north of Tournai the village of Froyenne has been cleared of the enemy who is withdrawing toward the Scheldt. There has been sharp fighting for the crossings of this waterway at Pont-a-Chin; the Germans are battling hard to keep the allies from outflanking Tournai on the north.

Germans Massed in Strength Behind the Scheldt the Germans are massed in strength; their machine guns on the east bank are active and are receiving the support of artillery and trench mortars.

In the northern battle area the Belgians have reached the Lys canal along their entire front, and have captured a bridgehead with numbers of the enemy west of Meerdre.

An item of great interest appears in the latest announcement by the French war office concerning operations along the Aisne. It says:

"The Czech-Slavs with us re-took the village of Tervin."

The French are still moving actively to the north of Laon and have now completed the occupation of Chalandry and Grandpuy.

To the southwest of Ghent they are firmly established on the east bank of the Lys river, having made crossings at several points against which the enemy resisted with determination.

Around LeCateau where Americans are fighting with the British Fourth army, activity has diminished greatly. The same is true of the American sector northwest of Verdun, where the chief activity of the enemy has been the shelling of the American lines with mustard and other gas shells, and an air raid, which came near to achieving the destruction of an American base hospital.

Meanwhile, numerous German newspapers are calling upon the emperor to eliminate himself from the peace question and declaring that peace must not be delayed on account of the Hohenzollerns, or for other reasons.

Winter, unusually late this year, has set in on the front in northern Russia and a prolonged lull is looked for in that territory.

TRY MAGNESIA FOR STOMACH TROUBLE

It Neutralizes Stomach Acidity, Prevents Food Fermentation, Sour, Gassy Stomach and Acid Indigestion.

Doubtless if you are a sufferer from indigestion you have already tried peppermint, bismuth, soda, charcoal, drugs and various digestive aids and you know these things will not cure your trouble—in some cases do not even give relief.

But before giving up hope and deciding you are a chronic dyspeptic just try the effect of a little bisulphated magnesia—not the ordinary commercial carbonate, citrate, oxide or milk, but the pure bisulphated magnesia which you can obtain from practically any druggist in either powdered or tablet form.

Take a teaspoonful of the powder or two compressed tablets with a little water after your next meal, and see what a difference this makes. It will instantly neutralize the dangerous, harmful acid in the stomach which now causes your food to ferment and sour, making gas, wind, flatulence, heartburn and the bloated or heavy, lumpy feeling that seems to follow most everything you eat.

You will find that provided you take a little bisulphated magnesia immediately after a meal, you can eat almost anything and enjoy it without any danger of pain or discomfort to follow, and moreover, the continued use of the bisulphated magnesia cannot injure the stomach in any way so long as there are any symptoms of acid indigestion.—Advertisement.

Many Calls on Y. M. C. A. in Siberia And Czechs Enlist

VLADIVOSTOK, Oct. 10. (Correspondence of the Associated Press.)—Demands upon the Young Men's Christian Association secretaries who are accompanying the Entente nations in their expedition against the Bolsheviks in Siberia have been so great that they have been compelled to enlist in the Y. M. C. A. service the convalescing Czechs and to utilize the volunteer service of several of the Stevens' Railway corps from the United States. Virtually all the Y. M. C. A. secretaries have been working

Five Good Reasons Why You Should Buy Coal Now!

- 1—The bleak winter days are not far off.
- 2—Right now there is plenty of coal to be had.
- 3—The roads are in good shape to make prompt deliveries.
- 4—Uncle Sam is asking you to help him move coal as rapidly as possible that he may have plenty of cars for war work in the future.
- 5—The U. S. Fuel Administration has predicted a coal shortage this winter.

Go to your phone NOW—ask your dealer for Castle Gate or Clear Creek coals. Thus you will be sure of getting coal satisfaction 365 days in the year. They cost no more than the ordinary coals.

Mined and Shipped Exclusively by
UTAH FUEL CO.

stationed at Artesia, Fla., writes that he recently competed in a track meet, winning the 50-yard dash and finished third in the relay.

"This is a great life," Chester wrote. "I like it immensely. But I'll be back at the University of Southern California just as soon as the Kaiser has a white fly on his chest."

Many stage people now depend entirely upon Marmola Prescription Tablets for reducing and controlling fat.

One clever actress tells that she reduced two to four pounds a week by using this new form of the famous Marmola Prescription and now, by taking Marmola Tablets several times a year, keeps her weight just right. All druggists sell Marmola Prescription Tablets at 75 cents for a large case. Or you can get them by sending price direct to the Marmola Co., 864 Woodward avenue, Detroit, Mich. If you have not tried them do so. They are harmless and effective.

A refrigerator car service has been added recently. Thirty minutes after the doors were opened, in the first instance, 2,500 bottles of cold soft drinks had been sold and consumed by the thirsty soldiers.

Jackrabbit Hunting With Aid of Autos Latest Sport

SALT LAKE CITY, Oct. 22.—Jackrabbit hunting with the aid of an automobile has proved a success on the Utah desert, according to three ninners who recently bagged 40 of the "jacks" in about two hours. The party left the road and started through the sagebrush in their car as a rabbit was started, so began the shooting. Only in a few instances did the first shots fail to stop the rabbits and it appeared to be an easy matter for the machine to chase them over the flat desert.

Miss Helen Pratt has just been named a deputy game warden for Los Angeles county by the audubon society, of which she is a member.

Miss Pratt's duties will be the protection of useful and song birds from depredations by either boys or adults.

She served as nature guide, at Radford camp, near Big Bear lake, in San Bernardino county, where she made guests acquainted with sixty species of birds, sixty-five species of wild flowers and twenty-five kinds of trees native of that locality.

ISENHOWER WINS RECORD IN CHINA

LOS ANGELES, Cal., Oct. 22.—"Bill" Isenhouer, formerly a crack athlete of the University of Southern California and now with the marines in China, has won the 100 yard championship of that republic according to letters received from him by friends in Los Angeles.

Isenhouer is stationed at Peking where he won the title from Sergeant Edell his holder for three years, by running the sprint in 10 1-5 seconds. Another Southern California college athlete, "Bob" Chestnut, now an avia-

How Fat Actress Was Made Slim

ARCHANGEL, Oct. 15.—(Correspondence of the Associated Press.)—Those of the American army contingent stationed here who speak Russian are press agents for Uncle Sam.

In the troops selected for Russian service were many of Slavic birth, who are reviving their old language now and using it with the pretty Russian girls and more important, with the Russian workmen who are inclined to think, sometimes, that the allies are quite imperialistic.

In odd moments between guard duty one finds American soldiers telling Russians that the United States is here to help them, and that's all.

British Bombers Attack Railways At City of Metz

LONDON, Oct. 22.—An official statement on the operations of the independent air forces issued tonight, says:

"Two of our squadrons attacked the barracks and railways at Metz Monday. Another squadron set out to attack the factories in Rhine towns, but the formation was split up by the dense fogs. Seven machines have not yet to the present been located. Monday night we dropped heavy bombs on the stations at Mezieres."

HANLEY ENLISTS IN THE MARINE CORPS

SPOKANE, Wash., Oct. 22.—Harold Hanley, brother of Dick and Roy Hanley, members of the marine corps football team at Mare Island, Cal., has left Washington State college and enlisted here in the marine corps.

The third Hanley athlete to join the "devil dogs" was captain of the 1918 baseball team at north Central high school here and one of the few four-letter men in the institution, holding that honor in football, baseball, basket ball and track.

Both Hanley's brothers were famous in Washington State college football annals, Dick having been captain-elect of the 1915 team when he enlisted in the marines here last summer. Both he and Le Roy were members of the 1915 and 1917 championship teams and played on the 1916 team as well.

The Hanley family has three other boys in reserve. The oldest of these, Waldron, is a member of the football team this year at North Central high school here.

PHILADELPHIA, Oct. 22.—From 10,000 to 15,000 tons of steel allotted to shipyards will be released each week for other war industries, it was announced today by Charles M. Schwab, director general of the Emergency Fleet corporation, after a conference with representatives of the all-steel shipyards of the east. The 50,000 tons a week assigned to shipbuilding, it was said, proved to be beyond the needs of the plants, operating as they are with a shortage of labor.

"My next problem," said Mr. Schwab, "is to get 150,000 more trained shipworkers. The shortage exists in all the yards of the country and especially in the Delaware river district."

LEGAL NOTICES

NOTICE TO WATER USERS.

State Engineer's Office, Salt Lake City, Utah, Aug. 21, 1918. Notice is hereby given that Milo Andrus, whose postoffice address is Murray, Utah, has made application in accordance with the requirements of Section 1288x24, Chapter 62, Session Laws of Utah, to change the point of diversion and place of use of three (3) second-feet of water from Hoyt Canyon Creek, heretofore diverted at a point 102 rods south and 37 rods west from the north quarter corner of Section 3, Township 2 South, Range 6 East, Salt Lake Base and Meridian, and used to irrigate 150 acres of land embraced in Sections 32 and 33, Township 1 South, Range 6 East. The applicant now desires to divert the water at a point 670 feet north and 200 feet east from the section corner above described and convey it by means of a ditch for a distance of 200 feet and use during the irrigation season to irrigate 150 acres of land embraced in the NW 1/4 Section 3 and NE 1/4 Section 4, Township 2 South, Range 6 East. This application is designated in the State Engineer's office as No. 423.

All protests against the granting of said application, stating the reasons therefor, must be made by affidavit in duplicate, accompanied with a fee of \$2.50, and filed in this office within thirty (30) days after the completion of the publication of this notice.

G. F. MCGONAGLE, State Engineer.

PROPOSED AMENDMENT TO THE CONSTITUTION—HOUSE JOINT RESOLUTION NUMBER EIGHT.

A resolution proposing an amendment to Section 3, Article 13 of the Constitution of the State of Utah, relating to uniform taxes and exemptions.

It is resolved by the Legislature of the State of Utah, two-thirds of all the members elected to each house concurring therein:

Section 1. That it is proposed to amend Section 3 of Article XIII of the Constitution of the State of Utah so that the same will read as follows:

Section 3. The Legislature shall provide by law a uniform and equal rate of assessment and taxation on all property in the State, according to its value in money, and shall prescribe by general law such regulations as shall secure a just valuation for taxation
